Old "JACKSON"
Forty-six years of continuous service.
A familiar figure in Richmond is old "Jackson." The year after the war Jackson started driving a grocery wagon, and with hardly a week's loss he has seen continuous service since.
His smile, his happy disposition, cheerfulness and courtesy are infectious, and he's always THERE when wanted.

BILL TO PROVIDE 2-CENT MILE FARE

Introduced in Lower Branch of North Carolina Legislature.

"PASS TOTERS" ARE STIRRED

Measure Carrying \$298,000 Appropriation for State Asylums Is Offered.

[Special to The Times-Dispatch.] Raleigh, N. C., September 30.—A bill to provide 2 cents a mile passenger fare in North Carolina was introduced in the House to-day by Clark, of Pitt. Another notable bill was introduced by Dr. Gordon, of Guilford, carrying \$198,000 appropriation, the Central Hospital of Insane at Raleigh to have \$190,000, and the Eastern Hospital at Goldsboro for Negroes, \$8,000. Another woman's building, a laboratory and \$30,000 additional for maintenance fund for the hospital in Raleigh are included, the bill being urged as especially necessary.

There were stirring "personal privilege" speeches elicited by the "pass-

toter" publication in the morning papers, in which W. C. Dowd, of Mecklenburg, and Representative Mintz, of Wayne, explained that their passes were for newspaper advertising transportation, and criticized Representative Clark for introducing the resolution for introducing the list of so-called "pass-toters." Representative Ray, of Macon, flayed Representative Clark as a "peanut demagogue" such as had hounded him in his district with the cry of "pass-toter" without in the least injuring him, in the estimation of his constituents. He had represented the Southern Railway as counsel ever since the company was organized, but this was in the courts, and when he came to the Legislature his hands were free to legislate in the interests of the whole people. Mr. Dowd characterized Representative Clark's course as the "smallest sort of politics."

Some time was spent in committee of the whole by the House on the constitutional amendment proposals, with the result that one was adopted that eliminates "secession" and "rebellion" from the Constitution and substitutes "War Between the States."

Both the Senate and House cleared the calendars of a great number of local bills, and the House adopted a rule that no new bills shall be introduced after Wednesday except those growing out of the call of the Governor. The Senate passed the "unified" bill, regulating the wearing of the United States Army and Navy uniforms, that has been discussed on the floor of the Senate the past day or two.

Both houses passed a resolution inviting the President of the United States to deliver the address for the unveiling of the monument donated by Colonel Ashley Horne to Confederate women here on the one hundred and

eight anniversary of the Mecklenburg Declaration of Independence.

SHORTEST ROUTE TO CONFIDENCE

Mr. Elliott, of New Haven Road, Discusses Future of That Railway System.

Boston, Mass., September 29.—A short route to the restoration of public confidence in the railroads of the country would be furnished by a positive declaration by Federal and State commissions that rates may be advanced, is the opinion of Howard Elliott, the new president of the New York, New Haven and Hartford Railroad. Mr. Elliott made this statement to-night in an address before the Boston Chamber of Commerce, in which he discussed the future of the New Haven system.

"If we are to continue to have privately owned railroads, supervised and regulated by governmental authorities," said Mr. Elliott, "and if we are to avoid ownership by the government, the owners and users of railroads must all work together. Personally, I do not believe in government ownership in a country like the United States, where our political methods are still in need of improvement. The policy of the government-national and State—during the last twenty-five years seems to have been to decide rate questions in the great majority of cases in such a way that rates rarely were advanced and generally were reduced."

"If the rates continue to decline, or even remain on the present level, and if expenses are increased by higher wages and cost of materials and by the introduction of denatured appliances and facilities, more rapidly than the roads can obtain money, then there is but one result for some of the rail-

roads of the United States—and that is bankruptcy."

"Should the commissions—Federal and State—make a positive declaration that rates may be advanced to permit the properties to meet all of their obligations, pay a fair return to stockholders and leave a balance for improvements, they will do much for the entire country. Such a declaration will at once inspire confidence and give to existing securities a better standing than they now have, both here and in Europe, and will help to make new securities upon an interest basis, more favorable than is now possible, because of the uneasiness in the minds of investors about the future net earnings of the railroads."

Major McDowell Dies.
Pittsburgh, September 30.—Major Alexander McDowell, former clerk of the House of Representatives, died suddenly to-day. He held the post at Washington for several years.

TARIFF REVISION BILL PRAISED AS GREATEST EVER

(Continued From First Page.)

Senator Pomeroy, among them Senators Pomeroy and Hitchcock, was submitted to Senator Kern, the Democratic leader, to-night. Senator Kern said no action would be taken on the petition of the Senate caucus make no provision for a call by petition, and what number of signatures would be considered sufficient, although he thought one-fifth of the membership of the caucus probably the proper figure. Senator Simmons said to-night he did not know whether the calling of a caucus would throw open the entire conference report to revision.

To Settle Old Cases.
Just as the House was sliding the new tariff bill onto the ways, a settlement into law, the United States Court of Customs Appeals to-day convened the full term with 115 cases on the docket, involving numerous interpretations of the Payne-Aldrich tariff act of 1909, which will pass into history before the close of the week.

An effort will be made to expedite these cases, involving hundreds of millions of dollars, to clear the decks for the many intricate legal questions expected to arise in the administration of the Underwood-Simmons measure.

Millions Held Up.
New York, September 30.—Practical demonstration of one result of the new tariff law will be given almost as soon as the bill now in the hands of Congress is signed by President Wilson.

For the last two months importers have been storing stocks in bonded warehouses to be held there until they may be admitted under the lower rates figures in the new law. Figures compiled by the Journal of Commerce show that goods in bond in New York, alone August 31, were valued at \$67,301,000. Since that time the total has increased largely.

Keen competition exists among importers to be first on the market with goods brought in under the new law.

DAUGHTERS, LED BY MRS. RANDOLPH, GIVE REBEL YELL

(Continued From First Page.)

error is the brother of Mrs. Campbell, which brought forth a laugh.

Mrs. Campbell accomplished her task with the grace of an easy speaker, saying how glad the convention was to meet again in Richmond, which was a city after her own heart. She said that she was overcome by the cordial welcome the delegates had received, and she felt assured that they would be most hospitably entertained while here.

She recalled the fact that it was as many years ago as Virginia has had Presidents of the United States since the convention met here. As she stepped out on the stage a rousing cheer was given her, and applause followed her as she resumed her seat.

Mr. Canepa sang a solo to the delight of the audience, and then the talented violinist, Miss Cobb, played a violin solo, which called forth applause.

Mrs. Randolph then brought forth Miss Nannie Randolph Heath, daughter of General Harry Heath, of Confederate fame, and presented her. Miss Heath is the president of the Southern Relief Association of Washington, and one of the three associate members of

R. E. Lee Camp, Confederate Veterans.

The house accorded her a warm welcome, and she bowed in appreciation.

Flag for Regiment.
The feature of the opening exercises followed by the presentation of a beautiful memorial flag to the First Virginia Regiment. It was brought up the stage by Lawrence Edwards and Spruell Blenner, of the Grandchildren's Chapter. Mrs. Randolph said that it had been stated that Mrs. Campbell was to present the flag, but that she intended presenting it herself, which she did in graceful style.

In Memory of the Confederate Dead of the First Virginia Regiment, C. S. A. As he concluded the Blues' Band burst forth with "Dixie," and the audience rose with a cheer.

Messrs. Martenstein and Canepa sang a duet, and another song was rendered by the high school chorus.

Rebel Yell Again.
As the song died away Mrs. Randolph stepped forward, and shouted, "Come on, boys," and the wild rebel yell that more the battle cry was sounded through the house. The exercises were closed with the yell.

The first business session of the convention will be held in the auditorium of the Jefferson Hotel this morning. A reception will be held in the afternoon by the delegates and other visitors in the Jefferson to-night. The convention will be the largest in the history of the Virginia Division, there being 300 delegates and 120 alternates present.

RICHMONDER DIES IN CHICAGO HOTEL

Chambermaid Discovers Body, but There Is No Suspicion of Foul Play.

[Special to The Times-Dispatch.] Chicago, Ill., September 30.—A man who registered at the Briggs House at 611 N. Dearborn, of Richmond, Va., was found dead in bed to-day. The police of the Central Station were asked to investigate.

The man registered at the hotel last Sunday. The inability of the chambermaid to open his door to-day caused an investigation to be made, and he was found dead in bed, dressed in his night clothes.

Blood stains about his mouth were discovered, but it is thought that these might be the result of a hemorrhage caused by an investigation to be made, and he was found dead in bed, dressed in his night clothes.

The body was taken to the Eastern Casket Company's undertaking rooms, 68 East Randolph Street. The man was about forty-five years old, and his

clothes were of good material. His occupation is not known, and there is nothing in his effects to identify him.

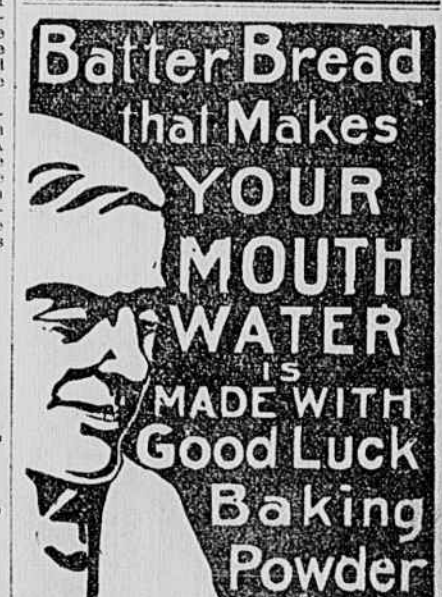

The name of G. C. Wheeler does not appear in the City Directory.

DECLINES TO TALK.
Mayor Mayo Will Not Take Sides in Pending Norfolk Fight.
[Special to The Times-Dispatch.] Norfolk, Va., September 30.—Mayor W. H. Mayo, elected by the organization, but who is said to have dropped to the independents, today declined to express his sentiments relative to the pending fight for municipal offices.

He said he did not think it would be fair for him as Mayor of the city to express sympathy for either side.

Mayo is known to have been in the office on several occasions. He has discharged half a dozen policemen from the force for drinking and other causes, and several of them were restored to duty by the Board of Control, which has last say in such matters.
